Gentlemen:

This letter is to verify discussions with your staff about periods of time when we are not collecting water as part of the Walnut Creek Surface Water Interim Measure/Interim Remedial Action (IM/IRA). There are periods of time when we are not able to collect water due to various reasons, including daily refueling of the generator, generator problems, high total suspended solids causing plugging of the microfilter.

In our discussions, we agreed to notify you on a quarterly basis of periods of non-collection of water as a result of technical difficulties. We have just recently notified you of periods of non-collection (93-DOE-06773) from August 1992 through April 1993. Therefore, we will notify you again of periods of non-collection in mid September 1993.

If you have any questions, please contact Scott Grace of my staff at (303) 966-7199.

Sincerely,

James K. Hartman
Assistant Manager for Transition
and Environmental Restoration
